FEURICH

Tradition & Innovation

Mod. 218 - Concert I

feurich.com

Technical Specifications

- The choicest selection of tonewoods and felts results in the instrument's overall harmonic brilliance
- The implementation of a new asymmetrical, double-crowned soundboard has a multi-faceted effect on the sound, leading to a consistently rich tone in all registers, as well as greatly improved tuning stability
- Duplex and Triplex Scaling and **rust-free Paulello strings** provides a descant range **rich in overtones**
- Optimised action, based on cutting edge research into key weighting and built with diligent precision. The result is a **reliable and controlled attack**, from the most **delicate pianissimo** up to the most **expressive forte**
- Traditional FEURICH design: **the specially-designed music rest** allows optimum transmission of sound
- Innovative FEURICH Design: **LED lighting** on the music rest
- **Luxury features** include: Extra large grand piano wheels as standard; a soft-fall system on the piano lid, as well as genuine wooden black key tops
- The optional fourth pedal, © **pédale harmonique**, opens up a unique **new sound world**. For night-time playing, the **silencer system** enables muting and playing in **headphone mode**

The Model 218 Concert is perfectly suited to medium-sized concert halls and is treasured by professional pianists worldwide.
